1 Battery input and protection

File: power_entry.kicad_sch

2 5V0 buck and 3V3 LDO

File: logic_power.kicad_sch

3 MCU, clocks, supplies, debug

File: mcu.kicad_sch

4 2.4 GHz RF path and antenna

File: rf.kicad_sch

5 Motor drive (DRV8711 + external FETs)

File: drive.kicad_sch

6 Motor connectors and encoder inputs

File: motors_encoders.kicad_sch

7 IMU and SPI flash

File: imu_flash.kicad_sch

8 User interface, expansion, test points

File: ui.kicad_sch
